VEEDOL – FORGING PARTNERSHIPS

Rely on the advantages of a global brand. Veedol has been forging and nurturing partnerships with all stakeholders right from its inception in 1913. We serve the needs of motorists and industry with expertise built over a 100 years and always with care & innovation. We are approved by many of the world's leading automobile manufacturers, thanks to our commitment to quality.

From professionals for professionals

In the most demanding markets like Germany, Veedol has always been known as the preferred partner of

specialist workshops. It regularly finds a place in the prestigious survey of The 10 Best Oil Brands in Germany*.

Latest generation motor oils

Whether synthetic motor oils or premium lubricants, Veedol products stand out for their quality. They offer excellent engine protection and operational reliability, even under the toughest operating conditions. Under our Green initiative, our newest FE (Fuel Economy) & Resource Conserving (RC) oils contribute to additional fuel savings and reduced emissions.

VEEDOL RACING – DASH FOR EXCELLENCE

Veedol supports motorsport with a great deal of commitment in a wide variety of disciplines. Not just in GT and touring car racing on the world's leading race tracks, but

also in off-road rallying and historic motorsport. Veedol contributes to the success of drivers and teams with the latest high-performance lubricants.

VEEDOL – OVER 100 YEARS OF WINNING PRODUCTS

1913 The Veedol Brand – created by an American company – Tide Water Associated Oil, Pennsylvania

1914 Veedol is the first engine oil chosen by Henry Ford for the world's first mass produced car, the Model T-Ford. **1**

1928 The chosen engine lubricant for the first airship the Graf Zeppelin to fly around the world. **2**

1931 The engine lubricant for the first non-stop flight across the Pacific Ocean in the "Miss Veedol" plane. **3**

1949 Veedol develops the first HD (Heavy Duty) engine oil for the German market.

1975 Fritz B Busch breaks the flying kilometre and flying mile records for diesel engine cars in his Veedol sponsored, Mercedes-Benz powered Diesel Star, achieving almost 250 km/h. **4**

1978 A Mercedes-Benz C111-III wins nine world records in the diesel engine car category, using Veedol motor oil and achieves a record speed over 325 kph. **5**

1979 Veedol synthetic oils are used for the flight of the Space Shuttle, Columbia, USA. **6**

1986 Burmah Castrol completes the purchase of the world wide rights for Veedol lubricants.

2011 Tide Water Oil Co. (I) Ltd. acquires 100% shares of Veedol International Limited (VIL) from BP thereby obtaining the global rights to a wide portfolio of registered trademarks for the master brand – Veedol – and its associated product sub-brands and iconic logos.

2012 Veedol International DMCC commences operations in the Middle East.

2013 Veedol Deutschland GmbH formed

2016 100% shares of Granville Oil & Chemicals LTD UK acquired by Tide Water Oil Co. (I) LTD

SINTRON J 0W-16

Part No 01T024

PREMIUM

Description

Veedol Sintron J 0W-16 is a fuel economy SAE 0W16 motor oil, developed according to the most recent technology. It is based on specially selected synthetic base oils and a well balanced choice of advanced additives to give the following benefits:

- Lower fuel consumption
- High and stable viscosity index
- Very fast cold start, even at very low temperatures
- Safe lubrication film at very high temperatures

Application

This fuel economy SAE 0W16 engine oil is recommended for use in the latest technology petrol engines of passenger cars from Japanese OEMs.

Specifications

API SN Plus/RC

SINTRON C5 0W-20

Part No 01T038

PREMIUM

Description

Veedol Sintron C5 0W-20, a full synthetic engine oil, is specifically developed to meet the Opel OV0401547 specification. The ultra low viscosity grade of this lubricant enables the latest engine designs to reach their fuel economy goals. In addition to this, the engine oil forms a powerful layer that absorbs harmful particulates and keeps the engine clean and protected. It gives the following benefits:

- Fuel economy: superior fuel economy and CO₂ reduction
- Cold start: excellent fluidity at low temperature
- After-treatment protection: full after-treatment device protection

Application

This engine oil offers complete protection to a range of modern passenger car and light truck diesel and gasoline engines, equipped with or without emission after-treatment systems. Furthermore, it can be used in combination with the latest fuel types, such as biofuels and ethanol-based fuels. The API SN Plus specification shows the lubricant's compatibility with highly fuel-efficient GDI engines, in which this oil prevents Low Speed Pre-Ignition (LSPI) from damaging the engine components.

Part No 01T019

PREMIUM

Description

Veedol Sintron V 0W-20 is a fuel economy SAE 0W20 motor oil, developed according the most recent technology, based on specially selected synthetic base oils and a well balanced choice of advanced additives to give the following benefits:

- High fuel economy
- Good resistance to shearing
- Very fast cold start, even at very low temperatures
- Very good detergency and dispersion
- Very strong protection against wear, corrosion and foaming

Application

A fuel economy, specially formulated engine oil suitable for petrol and diesel engines of Volvo cars where the manufacturer prescribes a product that meets the specification VCC RBS0-2AE with viscosity SAE 0W20.

SINTRON LONGLIFE IV 0W-20

Part No 01T029

PREMIUM

Description

Veedol Sintron Longlife IV 0W-20 is a full synthetic lubricant mandatory for the newest engines of VW/Audi. It is developed to prolong the life and maintain the efficiency of emission systems. It is also designed to provide outstanding engine cleanliness, wear protection and strong durability to keep the engine running like new. A substantial fuel saving is reached through the use of the ultra low 0W20 viscosity grade. It gives the following benefits:

- Total engine protection: keeps the engine clean
- Fuel economy: superior fuel economy and CO₂ reduction
- Cold start: excellent fluidity at low temperature

Application

Veedol Sintron Longlife IV 0W-20 is developed for mandatory use in the newest 2.0 TFSI 140 kW and 3.0 TDI CR 160 kW engines of VW and Audi which require the VW specification 508 00 and 509 00.

SINTRON ULTRA 0W-20

Part No 01T026

PREMIUM

Description

Veedol Sintron Ultra 0W-20 is a fuel economy motor oil, developed according to the most recent technology, based on specially selected synthetic base oils and a well balanced choice of advanced additives to give the following benefits:

- Lower fuel consumption
- High and stable viscosity index
- Good resistance to shearing
- Fast cold start, even at very low temperatures
- Safe lubrication film at very high temperatures
- Very strong protection against wear, corrosion and foaming

Application

This fuel economy, specially composed motor oil, is recommended for use in petrol and diesel engines, with or without turbo-charging, in passenger cars and delivery vans. By its unique composition, this oil is also excellent for Hybrid and other Eco versions as brought by various OEMs. Due to its special composition, this product functions well in very low temperatures, and even under arctic conditions.

SINTRON P 0W-30

Part No 01T023

PREMIUM

Description

Veedol Sintron P 0W-30 is a fuel saving oil, specially designed for Peugeot vehicles requiring the PSA B71 2312 oil specification. It is a blend of specially selected synthetic base oils with advanced additives, giving the following benefits:

- Fuel savings and low emissions
- Safe lubrication film at high temperatures
- Extended oil drain intervals
- Very good detergency and dispersion
- All round protection against wear, corrosion and foaming

Application

Veedol Sintron P 0W-30 is recommended for use in modern petrol and diesel engines, with or without turbocharging, in passenger cars and delivery vans. Due to its low SAPS content, this product can be applied in vehicles with modern three-way catalytic converters and diesel particulate filters.

SINTRON F 0W-30

Part No 01T025

PREMIUM

Description

Veedol Sintron F 0W-30 is a full synthetic lubricant based on carefully selected base oils, mandatory for the EURO 6 TDCI Duratorq engines of the most recent Ford models (2014 onwards) with exhaust after treatment and turbocharger. The high-tech VI-improver in the oil provides high stability to ensure long oil drain intervals. It also allows the use of biofuels.

It gives the following benefits:

- Total engine protection : keeps the engine clean
- Fuel economy : superior fuel economy and CO₂ reduction
- Cold start : excellent fluidity at low temperature

Application

Veedol Sintron F 0W-30 is developed for mandatory use in the newest EURO 6 TDCI Duratorq Ford engines. This product is also usable for other passenger car engines requiring a 0W30 viscosity grade and the ACEA C2 performance, thus providing a multi vehicle oil application. It has an optimised formulation for the latest car engines with exceptional fuel economy and extended service intervals.

SINTRON V 0W-30

Part No 01T022

PREMIUM

Description

Veedol Sintron V 0W-30 is a full synthetic lubricant based on carefully selected very high quality base oils, specially developed for the gasoline and diesel direct injection Volvo Engine Architecture (VEA) engines. It meets the VOLVO VCC 95200377 specification which demands high oxidation stability to ensure long oil drain intervals of up to 30000 km. It gives the following benefits:

- Total engine protection : keeps the engine clean
- Fuel economy : superior fuel economy and CO₂ reduction
- Cold start : excellent fluidity at low temperature

Application

Veedol Sintron V 0W-30 was primarily developed for mandatory use in the gasoline and diesel direct injection Volvo Engine Architecture (VEA) engines. It provides an extremely quick and stable lubricant film at cold start at low temperatures and offers high thermal stability under heavy duty operating conditions.

SINTRON ULTRA 0W-30

Part No 01T001

PREMIUM

Description

Veedol Sintron Ultra 0W-30 is a sophisticated full-synthetic fuel economy universal motor oil produced with high quality synthetic base oils with a high viscosity index and a well-balanced choice of advanced additives to give the following benefits:

- Lower fuel consumption
- High resistance to shearing
- Fast cold start
- Safe lubrication film at very high temperatures
- Very good detergency and dispersion
- Very strong protection against wear, corrosion and foaming

Application

This universal, fuel economy synthetic motor oil is recommended for use in petrol and diesel engines, with or without turbo-charging, in passenger cars and delivery vans with the specifications as stated. It is not suitable for diesel particulate filters (DPF).

SINTRON LONGLIFE III 5W-30

Part No 01T003

PREMIUM

Description

Veedol Sintron LongLife III 5W-30 is a fuel economy, universal motor oil, developed according to the most recent technology, based on specially selected synthetic base oils and a well balanced choice of advanced additives to give the following benefits:

- Lower fuel consumption
- Mid SAPS content
- Suitable for modern catalysts
- Fast cold start
- Safe lubrication film at high temperatures
- Extended oil drain intervals up to 30000 km or 2 years
- Very strong protection against wear, corrosion and foaming

Application

Veedol Sintron LongLife III 5W-30 is a specially composed motor oil recommended for use in petrol and diesel engines, with or without turbo-charging, in passenger cars and delivery vans with extended oil drain intervals. This motor oil also contributes to the extension of the lifetime of particulate filters. Due to its special composition it is approved for the latest VW 504.00/507.00 standard, in practice also called a VW Longlife III oil.

Description

Veedol Sintron C3 0W-30 is a full synthetic lubricant based on carefully selected very high quality base oils. It is a "low SAPS" low viscosity engine oil of the latest generation, for the lubrication of gasoline and diesel engines. It gives the following benefits:

- Total engine protection: high performance in keeping the engine clean
- Fuel economy: superior fuel economy and CO₂ reduction
- Cold start: excellent fluidity at low temperature

Application

This product is aimed at and specially formulated for usage in diesel and gasoline engines of BMW group passenger vehicles. It can also be used in other OEM diesel and gasoline engines where there is a need for a 0W30 grade low SAPS oil.

Part No 01T005

PREMIUM

Description

Veedol Sintron C1 5W-30 is a fuel economy, universal motor oil, developed according to the most recent technology and based on specially selected synthetic base oils. By applying advanced additives the exceptional performance of this low SAPS motor oil is accentuated. It gives the following benefits:

- Lower fuel consumption
- Suitable for modern catalysts
- Low combustion ash buildup (low SAPS)
- Fast cold start
- Safe lubrication film at high temperatures
- Very good detergency and dispersion
- Very strong protection against wear, corrosion and foaming

Application

Veedol Sintron C1 5W-30 is recommended for use in petrol and diesel engines, with or without turbo-charging, in passenger cars and delivery vans. Due to its special composition this product can be used in vehicles with modern three way catalysts and diesel particulate filters. Due to its low SAPS content this motor oil contributes to the extension of the lifetime of particulate filters for diesel engines
Warning: These oils have the lowest SAPS limits and may be unsuitable for use in some engines.

SINTRON C2/C3 5W30

Part No 01T006

PREMIUM

Description

Veedol Sintron C2/C3 5W-30 is a universal, synthetic fuel economy motor oil developed according to the most recent technology. It is formulated using specially selected synthetic base oils with high viscosity index and a well-balanced choice of advanced additives. This oil gives the following benefits:

- Improved fuel efficiency
- High and shear stable viscosity index
- Excellent low temperature fluidity ensuring easy cold start
- Effective lubrication at very high temperatures
- Unique detergent/dispersion additive system ensuring high engine cleanliness with negligible sludge
- Reduced formation of combustion ashes
- Very strong protection against wear, corrosion and foaming

Application

Veedol Sintron C2/C3 5W-30 is very suitable for use in petrol and diesel engines, with or without turbo-charging. This product meets the requirements of several OEMs and thus has a wide application.

POWERTRON F 5W-20

Part No 01P008

PROFESSIONAL

Description

Veedol Powertron F 5W-20 is a fuel economy synthetic engine oil specially developed to meet the requirements of the latest Ford Ecoboost gasoline engines. It is developed using the most recent additive technology in combination with specially selected synthetic base oils with a high natural viscosity index. This has resulted in a well-balanced engine oil to give the following benefits:

- Lower fuel consumption
- High and very stable viscosity index
- High resistance to shearing
- Fast cold start
- Safe lubrication film at very high temperatures
- Reduced formation of combustion ashes

Application

Veedol Powertron F 5W-20 is based on synthetic base oils specially developed for the Ford Ecoboost gasoline engines. This engine oil can also be used as a ACEA A1/B1 or API SN product if recommended by the car manufacturer.

POWERTRON RACING 5W-50

Part No 01P031

PROFESSIONAL

Description

Veedol Powertron Racing 5W-50 is a synthetic engine oil based on carefully selected high quality synthetic base oils, all of which already have a natural, high viscosity index and advanced and well balanced additives in order to give the following benefits:

- Good resistance to shearing
- Very low tendency to evaporation
- High and very stable viscosity index
- High resistance to ageing
- Safe lubrication film at low and very high temperatures

Application

A synthetic engine oil, designed for cars in sporty driving conditions where the highest performance is required. This oil has proven its quality under rigorous conditions.

Specifications

ACEA A3/B4
API SN/CF

Veedol

recommends for:

BMW Longlife-01
MB 229.3
VW 501 01/505 00

PERFORMANCE

Meets key specifications at an excellent price-performance ratio, with high engine wear protection.

MULTIGRADE SUPER 10W-40

Part No 01M014

PERFORMANCE

Description

Veedol Multigrade Super 10W-40 motor oil is based on a combination of high quality solvent refined mineral and synthetic base oils. By adding a well balanced choice of additives the following benefits are obtained:

- High and stable viscosity index
- Fast cold start
- Strong resistance to oxidation
- Good detergency and dispersion
- Safe lubrication film at high temperatures
- Strong protection against wear, corrosion and foaming

Application

Veedol Multigrade Super 10W-40 is recommended for use in petrol and diesel engines, with or without turbo-charging, in passenger cars and delivery vans. It fulfils Euro 4 norms

Specifications

ACEA A3/B3, A3/B4

MULTIGRADE PLUS 15W-40

Part No 01M015

PERFORMANCE

Description

Veedol Multigrade Plus 15W-40 is a modern multifunctional motor oil, produced with high quality solvent refined base oils and modern additives to give the following benefits:

- Good wear protection
- Strong detergency and dispersion power
- Good resistance to oxidation
- Strong protection against corrosion and foaming
- High and stable viscosity index
- Low evaporation rate

Application

Veedol Multigrade Plus 15W-40 is recommended for use in petrol and diesel engines, with or without turbo-charging, in passenger cars and delivery vans.

PERFORMANCE

Description

Veedol Turbostar 20W-50 is a modern multifunctional motor oil, produced with high quality solvent refined base oils and modern additives to give the following benefits:

- Good anti-wear properties
- Excellent protection against oxidation
- Extensive protection against corrosion and foam formation
- Strong dispersing and detergent power
- High and stable viscosity index
- Low evaporation rate

Application

This versatile engine oil is ideal for gasoline and diesel engines with or without turbocharging, in cars and vans.

VEEDOL AND THE NÜRBURGRING

The legendary Nurburgring is one of the most prestigious and tradition-steeped racing tracks in the world. Both amateur and professional drivers from all racing series compete on two circuits: the Nordschleife (North Loop), 20.8 km long and rich in tradition, and the modern 5.1 km Grand Prix track.

The Formula 1 pilot Sir John Young Jackie Stewart – after all a three-time world champion in 1969, 1971 and 1973 – was so impressed by the circuit that he gave it the name which it will probably never lose: Green Hell (Grüne Hölle).

Veedol has been involved in racing at the Nürburgring for many decades. In 1980 Veedol became the main sponsor and namesake of the VLN. Racing history was written with the name “Veedol Langstreckenpokal Nürburgring”, the world’s largest endurance racing series. When the new

Veedol is an official partner of the Nürburgring.

Grand Prix track was opened in 1984, it was only logical that Veedol would be the namesake of the Veedol chicane for many years.

In 2016 Veedol was proud to continue the tradition of the Veedol Chicane. This is acknowledged by the Nürburgring management by allowing Veedol a billboard in a prime position overlooking the traditional Veedol Chicane.

MARATRON ULTRA LSP 5W-30

Part No 02T101

PREMIUM

Description

Veedol Maratron Ultra LSP 5W-30 is a top quality fuel economy diesel engine oil based on the latest additive technology combined with very special base oils. This engine oil gives the following benefits:

- Prolonged oil drain intervals
- Very powerful detergency that prevents deposits in the engine
- Very strong dispersion that prevents precipitation and sludge formation
- Powerful activity against wear, corrosion and foaming
- High and stable viscosity index
- Low sulphated ash number
- Lower fuel consumption

Application

This fuel saving motor oil has mainly been developed for heavy diesel engines even under the toughest operating conditions and for all year round use. This product is very suitable for Euro 4, Euro 5 and Euro 6 engines in combination with diesel fuel with a low sulphur content. This engine oil is also suitable for application in engines with or without particulate filters and exhaust catalysts. This motor oil is "Low SAPS".

MARATRON ULTRA M 5W-30

Part No 02T117

PREMIUM

Description

Veedol Maratron Ultra M 5W-30, a innovative synthetic engine oil, is the number one choice to service the most fuel-efficient engines by providing a 2% increase in fuel economy compared to previous CJ-4 formulations. It offers complete engine protection thanks to its wear reducing additives, enabling a unique balance between protection and fuel economy. Furthermore, its improved oxidation control and shear stability guarantee optimised fuel economy during the complete oil change interval. This engine oil gives the following benefits:

- High fuel economy
- Optimal engine protection
- Optimal engine performance

Application

The formulation of this heavy-duty engine oil enables full compatibility with turbochargers, superchargers and after-treatment systems. It offers complete servicing of the most modern and fuel-efficient engines requiring advanced FA-4 engine oils. It meets the requirements of original equipment manufacturers like the Mercedes-Benz 228.61, Volvo VDS-5, JASO DL-0-017 and JASO DH-2-017. It is compatible with emission control technology EURO IV, V and VI for trucks.

MARATRON FLEET LSP 10W-30

Part No 02T115

PREMIUM

Description

Veedol Maratron Fleet LSP 10W-30, is a semi-synthetic heavy-duty diesel engine oil offering exceptional wear resistance. It is capable of maintaining its original composition thanks to its outstanding oxidation resistance, shear resistance and aeration control, giving it an increased drain interval compared to earlier technology. This engine oil gives the following benefits:

- Optimal engine lifespan
- High fuel economy
- Increased engine performance

Application

Both modern and older engines benefit from this backward compatible heavy-duty diesel engine oil, making it a perfect match for a wide range of engine types. It is capable of offering optimal protection to a range of Caterpillar, Mack, Renault, Volvo and other market-leading engines with or without after-treatment systems, turbochargers or superchargers. It is compatible with emission control technology EURO IV, V and VI for trucks; as well as stage IIIB, IV and Tier 4i, 4f for heavy-duty off-road.

MARATRON EXTRA LSP 10W-40

Part No 02T102

PREMIUM

Description

Veedol Maratron Extra LSP 10W-40 is a top quality diesel engine oil based on the latest additive technology combined with very special synthetic base oils. This engine oil gives the following benefits:

- Reduced maintenance costs
- Very powerful detergency which prevents deposits in the engine
- Reduced tendency to form particles therefore increasing the lifetime of the particulate filters
- High and stable viscosity index
- Low sulphated ash, phosphor and sulphur content (Low SAPS)
- Powerful activity against wear, resulting in strongly reduced wear of piston rings and cylinder liners

Application

This long drain lubricant has mainly been developed for heavy diesel engines even under the toughest operating conditions and for all year round use. This product is very suitable for Euro 4, Euro 5 and Euro 6 engines in combination with diesel fuel with a low sulphur content. This engine oil is also suitable for application in engines with or without particulate filters and exhaust catalysts. This oil is "Low SAPS".

MAX-PRO EXTRA 10W-40

Part No 02P104

PROFESSIONAL

Description

Veedol Max-Pro Extra 10W-40 is a modern diesel engine oil based on advanced additive technology combined with special base oils. This results in the following benefits for this engine oil:

- Excellent high temperature stability
- Very strong dispersion that prevents precipitation and sludge formation
- Powerful action against corrosion and foaming
- High viscosity index
- Powerful activity against wear resulting in strongly reduced wear of piston rings and cylinder liners
- Longer oil drain intervals

Application

This lubricant has mainly been developed for heavy duty diesel engines even under the toughest operation conditions and for all year round use. This product is very suitable for a wide range of vehicles in combination with different diesel fuel qualities. It is unsuitable for vehicles fitted with particulate filters.

MAX-PRO SPECIAL LSP 10W-40

Part No 02P106

PROFESSIONAL

Description

Veedol Max-Pro Special LSP 10W-40 is a Heavy Duty engine oil formulated with unique low SAPS high performance additives in combination with special selected base oils. This multigrade engine oil fulfills the latest requirements of OEMs for use in high speed four stroke diesel engines and gives the following benefits:

- Meets or exceeds the latest requirement of the low emission standards
- Excellent cold start properties
- Very good shear stability, improved oxidation resistance
- Very strong dispersion, therefore the deposits and sludge are restricted to a minimum
- Excellent properties against wear, corrosion and foaming

Application

This Heavy Duty engine oil is suitable for use in both on-road and off-highway applications. This engine oil contributes to low exhaust emission and particle levels which increases the lifetime of emission control systems. By meeting the requirements of OEMs in Europe and North America this product has a wide choice of application possibilities. This product can be applied in most Euro 5 and Euro 6 engines with SCR exhaust gas systems and in Euro 4 engines when indicated by the manufacturer.

MAX-PRO SPECIAL LSP 15W-40

Part No 02P107

PROFESSIONAL

Description

Veedol Max-Pro Special LSP 15W-40 is a Heavy Duty engine oil formulated with unique low SAPS high performance additives in combination with special selected base oils. This multigrade engine oil fulfills the latest requirements of OEMs for use in high speed four stroke diesel engines of the most recent models and has the following properties:

- Meets or exceeds the requirement of the current lowest emission standards
- Excellent cold start properties
- Very good shear stability
- Improved oxidation resistance
- Very strong dispersion, therefore deposits and sludge are restricted to a minimum
- Excellent properties against wear, corrosion and foaming
- Lower oil consumption

Application

This Heavy Duty engine oil is suitable for use in both on-road and off-highway applications. This engine oil contributes to lowering of exhaust emission and particulate levels and improving the lifetime of emission control systems. This oil complies with and exceeds the requirements of API CJ-4. By meeting the requirements of OEMs in Europe and North America this product has a wide choice of application possibilities. It can be applied in Euro 5 and Euro 6 engines with SCR exhaust gas systems and in Euro 3 and Euro 4 engines when indicated by the manufacturer.

DIESEL STAR ULTRA 10W-40

Part No 02M108

PERFORMANCE

Description

Veedol Diesel Star Ultra 10W-40 is formulated with synthetic base oils and a well balanced choice of additives. This engine oil gives the following benefits :

- Very powerful detergency minimizing deposits in the hot zone of the engine
- Very strong dispersion that restricts deposits and cold sludge to a minimum
- Powerful protection against corrosion and foaming
- High and stable viscosity index
- Powerful activity against wear resulting in strongly reduced wear of piston-rings and cylinder-liners
- Extended oil drain intervals

Application

This engine lubricant is applicable to diesel engines (normal or turboaspirated) even under the toughest operating conditions and all year round use. This engine oil has a special additive system and may therefore be used when fuels with relatively high sulphur content are involved. This product is also suitable for application in Euro 2 and Euro 3 engines. It is not suitable for Euro 4 engines with particulate filters.

DIESEL STAR EXTRA 15W-40

Part No 02M109

PERFORMANCE

Description

Veedol Diesel Star Extra 15W-40 is a high performance diesel engine oil, formulated with solvent refined base oils and a well-balanced choice of additives. This engine oil gives the following benefits:

- Powerful activity against wear resulting in strongly reduced wear of piston-rings and cylinder-liners
- Very powerful detergency which guards against deposits in the engine
- Very strong dispersion that guards against precipitation and sludge
- Powerful activity against corrosion and foaming
- High and stable viscosity index
- Low sulphated ash number

Application

This engine lubricant is applicable to diesel engines (normal or turbo-aspirated) under even the toughest operating conditions and all the year round. It has a special additive system and may therefore be used with fuels of a relatively high sulphur content. This product is suitable for application in Euro 2, Euro 3 and some Euro 4 engines. TRANSMISSION SYNTHETIC 75W-90

Part No 03T216

PREMIUM

Description

Veedol Transmission Synthetic 75W-90 is a full synthetic lubricant based on carefully selected very high quality base oils, which can be used in a wide field of applications. Because of its composition, it is particularly suited for synchronized gear boxes, as well as heavily loaded differentials. This transmission oil gives the following benefits:

- Excellent frictional properties: very smooth gear shifting, no vibration
- Anti-wear and oxidation stability: superior protection of critical parts
- Extended oil life: excellent thermal and oxidation stability

Application

This oil is recommended for all components of mechanical transmissions (gear boxes, transfer boxes, differentials, etc.). of trucks and four-wheel drive vehicles.

TRANSMISSION SYNTHETIC LD 75W-90

Part No 03T209

PREMIUM

Description

Veedol Transmission Synthetic LD 75W-90 is an universal full-synthetic gear oil based on high quality synthetic base oils and special EP additives to give the following benefits:

- Advanced protection under high-speed/shock-load or low-speed/high-torque conditions.
- Very strong activity against wear, corrosion and foaming
- Low pour point
- Very capable extreme pressure properties
- Widely usable

Application

This universal gear oil is developed for manual transmissions and hypoid differentials in heavy trucks. This so called "Total Drive Line" oil is widely usable as a universal product.

TRANSMISSION LS 75W-140

Part No 03T218

PREMIUM

Description

Veedol Transmission LS 75W-140 is a semi synthetic lubricant based on carefully selected highly refined base oils. This is a high performance transmission oil for all differentials, including those equipped with a "limited-slip" mechanism. It is characterized by an exceptionally high viscosity stability at different temperatures and a very high fluidity at low temperature. This transmission oil gives the following benefits:

- Excellent frictional properties: very smooth gear shifting, with no vibration
- Anti-wear protection: extended transmission life
- Extended oil life: excellent thermal and oxidation stability

Application

This product is used in highly loaded axles and reduction gears of cars, trucks and off-road equipment. It has "limited-slip" characteristics and is specifically recommended for 4X4 vehicles.

GEAR OIL SPECIAL HD 75W-90

Part No 03P201

PROFESSIONAL

Description

Veedol Gear Oil Special HD 75W-90 is a full-synthetic lubricating oil for mechanical transmissions, formulated with high quality synthetic base oils and special EP additives to give the following benefits:

- Good clutch-switch performance at low temperatures
- Excellent resistance to oxidation
- Very high activity against wear, corrosion and foam
- Low pour point
- Very good EP properties
- Fuel economy

Application

This gear oil is specifically formulated for gearboxes with integrated differentials of front-wheel driven cars.

GEAR OIL LD 75W-80

Part No 03P203

PROFESSIONAL

Description

Veedol Gear Oil LD 75W-80 is a full synthetic lubricating oil for mechanical transmissions, formulated with high quality synthetic base oils and special EP additives to give the following benefits:

- Good clutch-switch performance at low temperatures
- Excellent thermal stability
- Very high activity against wear, corrosion and foam
- Low pour point
- Very high quality EP properties
- Long drain interval
- Fuel economy

Application

This gear oil is specially developed for gearboxes under very heavy duty conditions, together with high temperatures. This oil can also be used for extended drain intervals.

GEAR OIL RPC 75W-80

Part No 03P204

PROFESSIONAL

Description

Veedol Gear Oil RPC 75W-80 is a universal, multigrade lubricating oil for mechanical transmissions, with EP properties. Due to the addition of high quality solvent refined base oils and special additives, this gear oil has the following benefits:

- Very high activity against wear, corrosion and foam
- Excellent resistance to oxidation
- Low viscosity at low temperatures
- Very good EP properties
- High and stable viscosity index

Application

This special transmission oil is used in gearboxes where a good clutch-switch performance is necessary. It is suitable for nearly all manual gearboxes of passenger cars. This gear oil can also be used where the manufacturer of the gearbox prescribes a gear oil with a low viscosity.

Specifications

API GL-4 +

EP GEAR OIL 80W-90

Part No 03M207

PERFORMANCE

Description

Veedol EP Gear Oil 80W-90 is a mineral lubricating oil for mechanical transmissions, formulated with high quality solvent refined base oils and special EP additives to give the following properties:

- Good resistance to oxidation
- Good rust prevention, corrosion and foam inhibition
- Low pour point
- Good Extreme Pressure (EP) properties

Application

This multi purpose gear oil may be used in hypoid differentials, gearboxes and other transmissions for which a GL-4 EP transmission oil is advised.

Specifications

API GL-4

Part No 04T251

PREMIUM

Description

Veedol ATF III-AP is a full synthetic automatic transmission fluid, based on synthetic base oils and formulated with special friction modifiers to give the following benefits:

- Excellent stability against oxidation
- Specific friction properties and consequently low noise and smooth switching
- Compatible with synthetic seals
- Quick oil flow at cold start conditions
- Very strong protection against wear, corrosion and foaming

Application

This fluid may be used for the automatic transmissions, of a wide range of cars, including Japanese cars, with the specifications mentioned.

PREMIUM

Description

Veedol ATF VI is a very high grade automatic transmission fluid based on selected synthetic base oils with a high viscosity index together with a number of advanced additives. This red coloured ATF gives the following benefits:

- Longer life time of the fluid
- Very strong dispersion restricting sludge to a minimum
- High resistance to oxidation and thermal stress
- High resistance to wear, corrosion and foam
- Targeted friction properties
- Perfect compatibility with seals and non-ferro metals
- Exceeds the properties of Dexron III and II fluids

Application

This fluid may be used for automatic gear boxes, power steering units, torque converters and other equipment, for which an ATF exceeding Dexron III and Dexron II is required. This product cannot be used in DCTs and CVTs or when an oil with the Ford Type F/G specification is recommended.

Veedol recommends for:

GM Dexron VI
MB 236.41
Voith H55.6335xx

ATF M-14

Part No 04T255

PREMIUM

Description

Veedol ATF M-14 is a high grade full synthetic automatic transmission fluid formulated with a number of special base oils and additives. This red coloured ATF gives the following benefits:

- High shifting comfort
- Very low pour point
- Very good stability against oxidation
- High resistance to wear, corrosion and foam
- Constant friction stability over lifetime ensuring perfect clutch operation
- Perfect compatibility with seals and non-ferro metals
- Strong resistance to 'shudder vibration'

Application

The high grade automotive transmission fluid is specially recommended for the 1G-Tronic and 5-speed automatic transmissions of Mercedes-Benz. With optimised viscometrics, it contributes significantly to fuel efficiency. Has anti shudder properties and is designed for smooth shifting.

Veedol recommends for:

MB 236.14

ATF M-15

Part No 04T258

PREMIUM

Description

Veedol ATF M-15 is a high grade full synthetic automatic transmission fluid formulated with a number of special base oils and additives. It gives the following benefits:

- Reduced viscosity for maximum fuel efficiency
- Adapted friction coefficient behaviour for comfortable shifting processes
- Reliably prevents bothersome friction vibrations and stick-slip effects
- Outstanding friction coefficient consistency over the entire shifting interval
- Excellent low-temperature shifting behaviour
- Highest oxidation and ageing stability

Application

Veedol ATF M-15 is adapted to the special requirements of Mercedes-Benz 7-speed automatic transmissions (NAG 2 FE+). Its optimised friction coefficient system ensures comfortable shifting processes even under full load and performance is maintained over the entire change interval.

Veedol recommends for:

MB 236.15

ATF M-17

Part No 04T262

PREMIUM

Description

Veedol ATF M-17 is a full synthetic automatic transmission fluid with a special selection of top quality base oils and a specific additive package to ensure the smooth functioning of 9-gear automatic transmissions of Mercedes-Benz. It guarantees excellent wear protection in every operating situation. This fluid gives the following benefits:

- Excellent shear stability
- High thermal and oxidative stability
- Superb protection against wear

Application

This ATF is developed for use in the newest 9G-Tronic automatic transmission of the Series W9A 700 by Mercedes-Benz, also known as NAG3 (New Automatic Transmission of the 3rd Generation). It should be used in MB automatic transmissions requiring the specification MB 236.17. It is backward compatible with the former MB 236.16.

Veedol recommends for:

MB 236.17

ATF 8-G

Part No 04T259

PREMIUM

Description

Veedol ATF 8-G is a high grade full synthetic automatic transmission fluid formulated with a number of special base oils and additives. This fluid gives the following benefits:

- Very good oxidation stability and very high thermal stability
- Excellent and very stable friction characteristics for longer oil change intervals
- Outstanding fuel saving potential
- Excellent lubrication
- Extensive protection against foaming
- Very good protection against wear
- Very high and stable viscosity index

Application

ATF 8-G was formulated especially for ZF 8HP transmissions. Thanks to its very low viscosity, this product makes a major contribution to reducing fuel consumption. ATF 8-G can be used for the 8 speed ZF automatic transmissions series as well as certain 6 and 9 speed ones.

Veedol recommends for:

BMW 83222152426
Chrysler 68157995AA
Fiat 9.55550-AV5
Jaguar 02JDE26444
Land Rover LR023288
VW G 060 162

PROFESSIONAL

*Meets the latest international specifications,
with optimal transmission system protection.*

ATF CVT

Part No 04P256

PROFESSIONAL

Description

Veedol ATF CVT is a red coloured full synthetic fluid suitable for use in most CVT gearboxes. It gives the following benefits:

- Excellent wear protection
- Neutral towards synthetic sealing materials, thereby preventing leaks
- Vibration-free operation
- Long service intervals/long transmission life

Application

This fluid was developed especially for use in modern, continuous variable transmissions (CVT) and guarantees smooth and easy shifting, in combination with significant fuel economy.

Veedol recommends for:

- | | |
|-----------------------------------------|-----------------------------------|
| Audi TL 52180 | Kia SP-CVT 1 |
| BMW EZL799/EZL799A | Mazda CVTF 3320 |

| Jeep NS-2/CVTF+4 | VW G 052 180/516 |

ATF 6-G

Part No 04T261

PROFESSIONAL

Description

Veedol ATF 6-G is a high grade full synthetic automatic transmission fluid formulated with a number of special base oils and additives. It gives the following benefits:

- Outstanding friction coefficient consistency over the entire change interval
- Spontaneous and sporty shifting processes
- Excellent low-temperature shifting action
- Reliably prevents friction vibrations
- Outstanding ageing and oxidation stability
- Reliably protects against corrosion, wear, sludging and gumming
- Neutral towards sealing materials

Please note: Veedol ATF 6 G is not suitable for use in DCT/DSG and CVT transmissions!

Application

Veedol ATF 6-G was formulated especially for the requirements of modern multiple stage automatic transmissions often installed in premium and luxury class vehicles as well as SUVs. The product's high friction coefficient ensures the transfer of high torque values with virtually no slip, thereby supporting spontaneous and sporty shifting processes. Recommended for ZF-6speed automatic transmissions.

Veedol recommends for:

AML 4G4319A509/AA/S
Bentley PY112995PA
BMW M-1375.4/
83220142516
Hyundai 040000C90SG
Jaguar Fluid 8432
Land Rover TYK500050
Maserati 231603
VW G 055 005
ZF TE-ML 11

ATF F

Part No 04M260

PROFESSIONAL

Description

Veedol ATF F is a automatic transmission fluid specially designed for use in Ford transmissions. This red coloured fluid gives the following benefits:

- Very good stability against oxidation
- Resistance to wear, corrosion and foaming
- Specific friction properties
- Perfect compatibility with seals and non-ferro metals

Application

This fluid is used for automatic gearboxes, power steering units, torque converters and other equipment for which a ATF Ford fluid is required.

Veedol recommends for:

Ford ESW-M2C33-F
Ford ESP-M2C33-G
Ford SQM2-9007-AA
JD JDM J21A
Volvo 97330

ATF DSG

Part No 04P255

PROFESSIONAL

Description

This is a full synthetic lubricant based on carefully selected very high quality base oils, specifically developed for the dual clutch transmissions (DCT) of modern passenger cars. It ensures trouble-free operation of these gearboxes. This fluid gives the following benefits:

- Anti-wear protection: significantly extended transmission life
- Frictional properties: very smooth gear shifting, no vibration.
- Extended oil life: excellent thermal and oxidation stability.

Application

Mainly intended for the DSG (Direct Shift Gearbox) of VAG, this fluid can also be used for other 6-speed DCT transmissions, such as Chrysler Powershift, Ford Powershift, Mitsubishi TC-SST, Volvo Powershift, BMW Drivelogic 7-speed, etc. This product is not intended for VW dry clutch DSG type 0AM,02M,02Q and 02S.

Veedol recommends for:

BMW DCTF-1/MTF LT-5	000.043.207.29/
Chrysler 68044345EA	000.043.207.30
Ferrari TF DCT-F3	PSA 9734 S2
Fiat 9.55550-MZ6	Renault BOT450 EDC
Ford WSS-M2C936-A	6-Speed
MB 236.21/236.25	Volvo BOT341 #1161838
Mitsubishi Diamond Queen	VW G 052 182/G 052 529/
SSTF-1	G 052 513/G 055 529/
Nissan R35 Special	TL 52182
Porsche 000.043.20/	

PERFORMANCE

Meets key specifications at an excellent price-performance ratio, with high transmission system wear protection.

ATF II-D

Part No 04M254

PERFORMANCE

Description

Veedol ATF II-D is a quality automatic transmission fluid formulated with solvent refined base oils and a number of select additives to give the following benefits:

- Positive activity against wear, corrosion and foaming
- High and stable viscosity index
- Very good resistance to oxidation
- Specific friction properties
- Perfect compatibility with seals and non-ferro metals

Application

This red coloured fluid is used for automatic gearboxes, power steering units, torque converters and other equipment for which an ATF Dexron II-D fluid is required. It is suitable for older vehicles.

Veedol recommends for:

Allison C4
Caterpillar TO-2
Ford M2C-138CJ
Mercon
GM 6137-M Dexron II-D
MAN 339 V1/Z1
MB 236.5/236.7
Voith H55.6335xx
ZF TE-ML 03D/04D/
09/11A/14A/17C

ATF III-G

Part No 04P253

PERFORMANCE

Description

Veedol ATF III-G is a high grade automatic transmission fluid formulated with solvent refined base oils and a number of select additives to give the following benefits:

- Specific friction properties for smooth switching and driving comfort
- Very high and stable viscosity index
- Very good stability against oxidation
- Positive activity against wear, corrosion and foaming
- Perfect compatibility with seals and non-ferro metals

Application

This red coloured fluid is used for automatic gear boxes, power steering units, torque converters and other equipment for which an ATF Dexron II-E, III-F, III-G, III-H and/or Ford Mercon fluid is required.

Veedol recommends for:

Allison C4
Ford Mercon
GM 6417-M
Dexron III-G
MAN 339 V1/Z1
MB 236.5/236.9
Voith H55.6335xx

11B/14A/17C

VICTORY AT THE ROUTE DU RHUM 2019

Veedol also flies the flag in sailing and Veedol partner dlbc supported Yoann Richomme in the 11th edition of the regatta "Route du Rhum – Destination Guadeloupe". Richomme and his Veedol yacht won the Class 40 title after reaching Guadeloupe from Saint Malo France in 16 days.

HYDRAULIC OILS

HYDRAULIC OIL 32/46/68

Part No 07M403/07M404/07M405

Description

The **Veedol Hydraulic Oil series** consists of high grade EP hydraulic oils based on selected, solvent refined base oils with special additives to give the following benefits:

- Excellent protection against wear
- Very good protection against rust and corrosion
- Excellent stability against oxidation
- Very good demulsification properties
- Very good deaerating and foam-suppressing properties
- Good compatibility with seals and gaskets made from synthetic material

Application

This type of hydraulic fluid may be used for heavy duty hydraulic equipment, as well as for light duty gear boxes and bearings. This hydraulic oil may also be used for lubrication systems, general lubrication and air screw compressors. This fluid is **NOT** compatible in systems containing parts or equipment with a silver lining.

Specifications

DIN 51524 Part 2
SAE MS1004

Veedol recommends for:

HYDRAULIC OIL HV 32/HV 46/HV 68

Part No 07M476/07M417/07M416

Description

The **Veedol Hydraulic Oil HV series** consists of high viscosity index EP hydraulic oils based on carefully selected solvent refined base oils with special additives to give the following benefits:

- Reduced deposit formation resulting in high system cleanliness
- High and stable viscosity index
- Excellent wear-preventing properties
- Very good activity against corrosion
- Very good demulsification properties
- Very good deaerating and foam suppressing properties
- Good compatibility with seals and gaskets made from synthetic material

Application

This hydraulic fluid is tailor-made for heavy duty hydraulic systems of earthmoving equipment and for permanent installations that have to work under high pressures over a wide temperature range.

This fluid is **NOT** compatible in systems containing parts or equipment with a silver lining.

AGRICULTURE MOTOR OILS

PRIMA SUPER TRACTOR OIL UNIVERSAL 10W-30

Part No 09P601

Description

Universal multigrade oil for engines, transmissions, wet brakes and hydraulic systems of agricultural tractors. This oil gives the following benefits:

- Anti-wear and oxidation stability: proven protection of critical parts.
- Cold start: excellent fluidity at low temperature.

Application

This STOU* is advised for the lubrication of turbo-charged and uncharged diesel engines as well as 4-stroke gasoline engines. This oil is intended for the lubrication of gear boxes, differentials, final drives, power take-off, wet brakes and hydraulic systems of agricultural tractors and engines for off-road equipment.

* Super Tractor Oil Universal

STOU 10W-40

Part No 09P602

Description

Veedol STOU 10W-40 is a modern multi-purpose oil for agricultural tractors and off-road vehicles, based on select solvent-refined base oils and special additives. This oil gives the following benefits:

- Very high dispersion and detergent capacity
- Excellent protection against wear, corrosion and foaming
- High oxidation resistance
- Excellent high-pressure characteristics
- High and stable viscosity index

Application

This STOU* has been developed in order to cover the following applications with a single oil:

- Motor oil for gasoline engines
- Motor oil for suction and turbo-charged diesel engines
- Transmission oil (including wet brakes)
- Hydraulic oil

It is optimised for agricultural tractors and off-road equipment

UTTO HD WB

Part No 09P607

Description

Veedol UTTO HD WB is a full synthetic oil which offers outstanding performance of the wet brakes under a wide range of temperatures and under all operating conditions. Its lubricating properties protect against wear and reduce friction, which enables lower fuel consumption. Its carefully chosen additives also prevent brake noise. This results in the benefits:

- Anti-wear and oxidation stability: reliable protection of all parts
- Longer engine life

Application

This oil is primarily intended for the Volvo standard 97304 (WB 102) application. May also be used widely for automatic transmissions, hydraulic systems, wet brakes, convertors for tractors, forklifts and different off-highway equipment where the viscosity grade 75W80 is recommended.

MOTORCYCLE OILS

RACING PLUS 2T

Part No 06P351

Description

Veedol Racing Plus 2T is a two stroke engine oil formulated with carefully selected high quality mineral and synthetic base oils and special two stroke additives to give the following benefits:

- Perfect lubrication of all motor parts
- Active detergency, preventing deposits in the combustion zone and in the scavenger ports
- Prevents spark plugs from fouling, thereby securing an optimal output of the engine
- Very effective protection against wear and corrosion
- Very limited formation of smoke
- Self-mixing

Application

This two stroke engine oil is recommended for the lubrication of high speed aircooled two stroke engines under heavy duty loads. It may also be used for water cooled two stroke engines (with radiator type cooling systems). Dosage between 2% and 4% according to the manufacturer's recommendations.

Specifications

API TC
ISO L-EGD
Jaso FC / FD

RACING PLUS 4T 10W-40

Part No 06P352

Description

Veedol Racing Plus 4T 10W-40 is a new generation semi-synthetic engine oil for four-stroke motorcycles formulated with high quality mineral and synthetic base oils combined with specially developed and balanced additives to give the following benefits:

- Outstanding engine cleanliness
- Good cold start properties
- Optimal friction characteristics
- Very strong protection against wear, corrosion and foaming
- Very good detergency and dispersion

Application

This oil is specially developed for the lubrication of four-stroke motorcycles, and actively prevents sliding, sticking and/or rough changing of the clutch-plates.

Specifications

API SL
Jaso MA/MA2

RACING PLUS 4T 20W-50

Part No 06P353

Description

Veedol Racing Plus 4T 20W-50 is a new generation full synthetic engine oil for four-stroke motorcycles formulated with high quality synthetic base oils combined with specially developed and balanced additives to give the following benefits:

- Longer lifetime of engine
- Outstanding engine cleanliness
- Optimal friction characteristics
- Very strong protection against wear, corrosion and foaming
- Very good detergency and dispersion

Application

This oil is specially developed for the lubrication of four-stroke motorcycles, and actively prevents sliding, sticking and/or rough changing of the clutch-plates. This oil was developed and extensively tested for use in V-Twin engines as in Harley Davidson.

Specifications

API SL
Jaso MA/MA2

COOLANTS

COOLANT XC

Part No 08P519

Description

Veedol Coolant XC is a "long life" OAT (Organic Additives Technology) automotive coolant based on monoethylene glycol and demineralized water with special additives to obtain the following properties:

- Perfect protection of all types of metals that are used in engines and cooling systems
- Neutral behaviour towards seals, gaskets and hoses
- Very good resistance to formation of foam
- Nitrite, amine, phosphate and silicate free

Application

This coolant may be used all the year round in the cooling systems of gasoline and diesel engines. This coolant is ready for use and protects against freezing down to -36°C.

Specifications

The Professional's Choice

Since its founding in 1913, the Veedol brand stands for premium quality, high reliability and warm service. Our wide experience makes us an ideal partner when it comes to high quality lubricants and professional solutions.

From a humble beginning, the Veedol brand was chosen in 1914 by professionals for the world's first mass produced car, the Model T-Ford. As years passed by, acceptance and applications grew which lead to it being chosen for automobile, aviation and industrial applications. Heritage, premium quality, flexibility and service are some of the features that describe the Veedol brand.

Throughout the last century the brand was chosen by major OEM manufacturers due to the quality Veedol offered. Veedol simply became **The Professional's Choice in motor oil ...**
... For over a century!
